## MISSIONAL LOVE OFFERING

Forty-five percent of your gifts through the Cooperative Program will advance the gospel in Texas and fifty-five percent will be sent on to the Southern Baptist Convention to be used around the world.

Mission Board

Church planting takes a group of believers willing to pray and sacrifice so the Gospel can reach an entire community. Our church exists because of the sacrifices of many through the cooperative program. It is because of the cooperative program that we have the reach and support needed to serve our city with the Gospel of Jesus Christ. Cooperative giving has shown us we are part of a family that believes in the power of the Gospel and the value of church planting.

“ ” imb INTERNATIONAL  
MISSION BOARD

Through the generous giving by way of the Cooperative Program, combined with unceasing prayers of our Southern Baptist brothers and sisters, we are able to focus our efforts on evangelism, church revitalization, and church multiplication. The Cooperative Program makes it possible for us to help equip the local church, engage the culture around us, and evangelize the lost.

BAPTIST THEOLOGICAL SEMINARY

The CP is a strategic method for us to accomplish a God-given mandate to reach the lost with the Gospel of Jesus Christ. Thus, as a people on a mission to bring glory to God and His truth to the lost world unite to send more missionaries to the field with the gospel, offer a Christian education to more college and seminary students for future ministry, plant more churches to spread the gospel, offer relief to more people in crisis, and together help win the world to Christ.
